

**Annual Report**  
**January 1, 2010 - December 31, 2010**  
**Trips Reduced, Reduction in Vehicle Miles Traveled (VMT), Mobile Source Emissions Impacts and Fuel Saved**

| <b>Vanpools</b>  |               |
|--|---------------|
| Number of Vanpool Groups in Operation  | 7             |
| Total Vanpool months (all months)  | 84            |
| Total Vanpool Ridership (all months)   | 1098          |
| Average round trip miles for all vanpools  | 60            |
| Avg. daily ridership per vanpool (not including drivers and assumes 80% daily ridership) | 9             |
| Avg. daily Trips Reduced   | 132           |
| Est. daily reduction in VMT  | 3,972         |
| No. of Business Days per year  | 240           |
| <b>Total Estimated Annual Trips Reduced all vanpools</b>                                 | <b>31,776</b> |

| <b>Carpools</b>   |               |
|---|---------------|
| Avg. No. of carpools registered   | 168           |
| Avg. No. of carpool participants  | 328           |
| No. of Carpoolers per Carpool   | 2.1           |
| Avg. # of carpools that are carpooling per day (assumes 50%)                  | 84            |
| Average round trip miles traveled (calculated from carpooler commute origins) | 49            |
| Average daily trips reduced   | 185           |
| Est. Daily Reduction in VMTs  | 4528          |
| No. of business days per year   | 240           |
| <b>Total Estimated Trips Reduced by carpoolers</b>                            | <b>44,352</b> |

| <b>Bicyclists</b>  |              |
|--|--------------|
| <b>Total Estimated Trips Reduced by bicyclists (from weekly reports)</b> | <b>1,540</b> |

| <b>Total Estimated Reductions: All Modes Combined</b> |            |
|---|------------|
| Trips Reduced   | 77,668     |
| Miles Saved   | 1,977,089  |
| Fuel Saved (gals)                                     | 85,588     |
| Cost Savings (Fuel, oil, maintenance)                 | \$ 330,965 |
| CO2 Reductions  | 1,660,412  |
